ON TOP OF A CABINET / SHELF

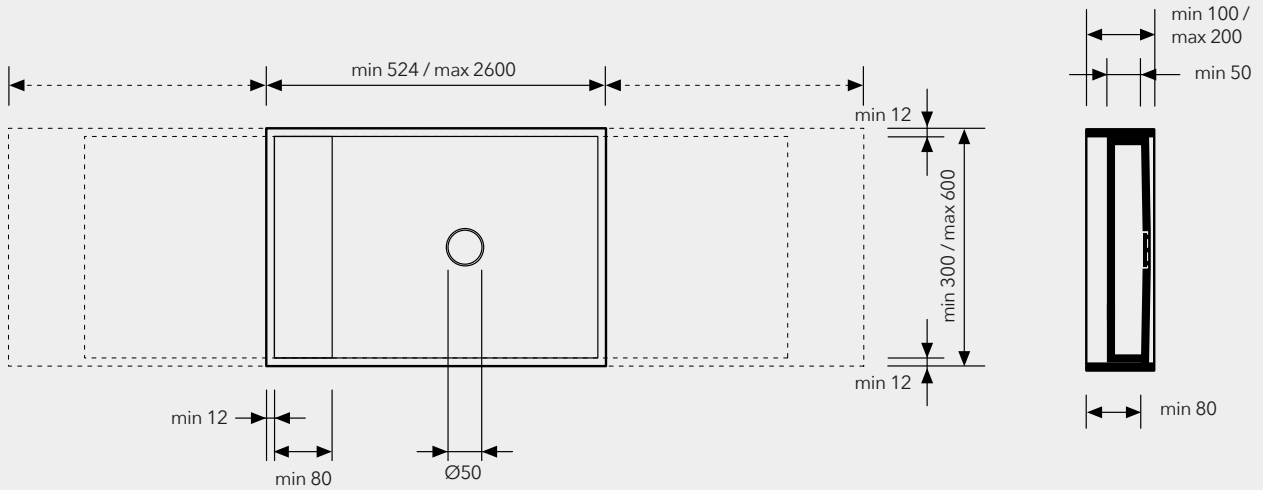

WALL MOUNTED / INTEGRATED

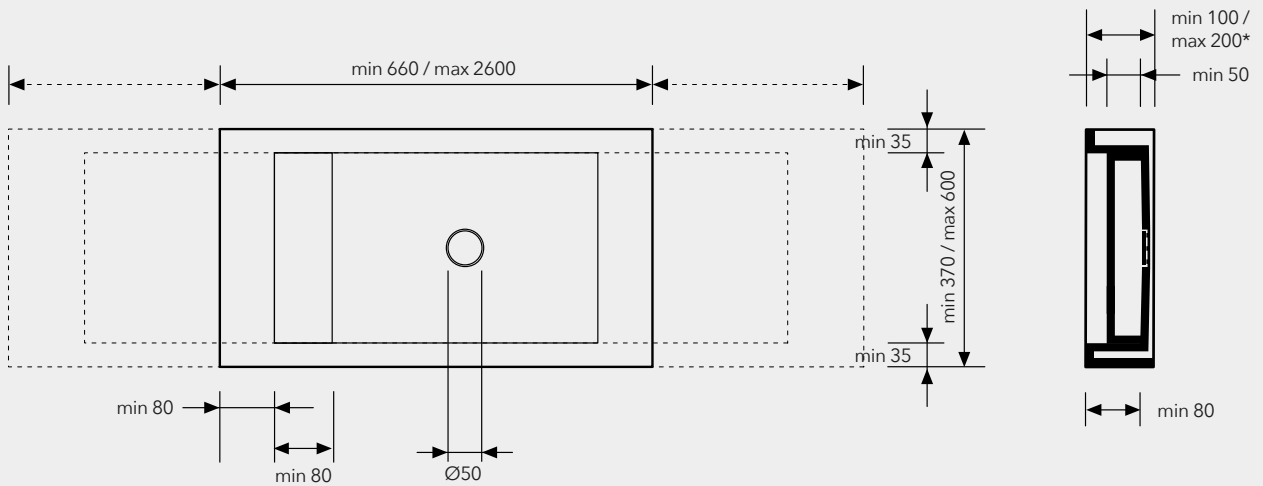

* The thickness of the top with an integrated Basic washbasin is 12mm.

WALL MOUNTED

Combine the Level washbasin with our Divide Hi-Macs inlay platform, dividing the basin in two and/or covering the drain. The slot at the bottom allows water to run through. The Platform is removable, making it easy to clean the drain. The example below illustrates the flexibility of the Level washbasin and demonstrates the Divide inlay platform.
